RE: Pre House Bill 1500 Member Accounts

Accounting Report for the Year Ended December 31, 2009

Attached is an accounting of recent policy years prior to the enactment of House Bill 1500 by the 2007 Mississippi Legislature. Prior to March 22, 2007, MWUA was an association of all insurance companies writing property insurance in Mississippi. Each member company was financially responsible for its proportionate share of loss by the Association. The MWUA ceased to operate as a member association when HB 1500 was signed into law; however the former member companies continue to be financially responsible for the claims incurred prior to the effective date of the law, March 22, 2007. These claims primarily result from Hurricane Katrina.

The short period of January 1 to March 22, 2007, did not result in any material net activity and is therefore being ignored in this presentation.

HB 1500 provides for the aggregation of the Association's assets into reserves for future claims. Previous Katrina assessments to member companies are applied only against related losses and expenses. Should there be adequate funds available from the assessments to settle losses and loss adjustment expenses, no additional Katrina Assessments will be necessary.

As of the date of this letter the MWUA has paid a total of approximately \$708,200,000 for Katrina claims and claims adjustment expenses. If current funds are sufficient, there should be no further assessments. If they prove to be insufficient, further assessment may be necessary.

Should you have any questions regarding this matter please do not hesitate to contact me or Joel Ferriss. Our email addresses are [jshumaker@msratingbureau.com](mailto:jshumaker@msratingbureau.com) and [jferriss@msratingbureau.com](mailto:jferriss@msratingbureau.com), respectively.

Sincerely,

Joe Shumaker  
Manager

(2)

(1) - On March 22, 2007, the Mississippi legislature passed H.B. 1500 that aggregated all assets of the MWUA into reserves for future claims.

(2) - A number of claims remain unresolved and the ultimate loss is unknown at this time.
